

USER GUIDE: ONLINE MAGAZINE

When you subscribe to the print version of Science of Mind magazine, you receive access to the digital version for free, and some subscribers prefer the "online-only" option. You can access this file anytime from ScienceOfMind.com. Our new digital edition is created in a program called "Flipping Book," which is designed to be viewed on personal desktops and portable devices. This technology allows a digital edition of the magazine to be pre-downloaded as a PDF (Portable Document Format) and read off-line using your iPad, iPhone or Android using a Web browser or PDF Reader applications.
